Distribution of money remaining from Closing Scramble Luncheon 2015

It was agreed that this decision be deferred to later in the season. There was a beginning balance of circa \$1,200 carried forward from last 2015 and how much is spent on the luncheon, favors and payout will have to be considered.

'Special Games' on Tuesdays

There will be no Special Games on regular Tuesdays. However, Corey Stith, at Tates Creek may organize some Special Games on a different day at Tates Creek.

Joint Event – 2 Lady Team Event – June 7th Tates Creek

This will be invitational, whereby a member may invite a non-member to be her partner and play with her. The non-member must have an established GHIN handicap to take part in the competition. Non-members who do not have an established GHIN handicap may take part, but will not be in the competition or eligible to win. It will be a 2 Lady Best Ball competition. Members who do not have partners may put their names forward to get a blind partner. This would mean putting the names of those who don't have partners into a hat and drawing partners. These people would not know who their blind partner was until they arrive at Tates Creek to play.

FWGA Rules and Local Rules of Play

Suzanne Adams will update these and they will be posted on the website.
